

Let's meet! Successful Virtual Meetings Workshop

Coming together is a beginning
Keeping together is a progress
Working together is success
- Henry Ford

In a globalizing corporate environment, we will all work more and more as members of virtual teams. A survey in 2018 amongst 1.620 respondents spread over 90 countries showed that already 89% works in at least one virtual team. How can we successfully organise and conduct the associated virtual meetings? This workshop helps participants in creating virtual meetings with impact.
